The full length papers and brief communications should report original researches in the fields of Anatomy, including Gross Anatomy, Comparative Anatomy, Embryology, Histology, Histochemistry, Cytogenetics, Radiological Anatomy, and Allied Clinical Medicine.

CONDITIONS FOR SUBMISSION

The manuscripts written in British English typed in double space, on side of the paper with a wide margin around, submitted in duplicate (with two sets of illustrations), are reviewed for publication, with the explicit understanding that they are being submitted with one journal at a time and have not been published in or accepted for publication elsewhere, completely or in part. It is author's responsibility to obtain permission to reproduce illustrations, tables etc. from other publications. The accepted papers will become permanent property of the Journal of Anatomical Sciences, and may not be reproduced in whole or in part, by any means, without the written consent of both, the author's and the publisher's

The editor reserves the right to improve on the style and grammar and make corrections accordingly and, if necessary, return the manuscript for revision to the authors.

ARRANGEMENT OF THE MANUSCRIPT

The manuscript should have a uniform style and should consist of the following subdivisions, and in that order, each to begin on a separate page. Title page, Abstract and Key words, Text, References, Explanation to the figures, Tables and Illustrations.

Title Page : The first page of every manuscript should include 1. Title of the article. 2. Full Name;(s) of the author(s) 3. Institutional address of each author 4. Institution or the laboratory where the work was conducted. 5. A short running title. 6. Address for correspondence.

Abstract : Should be on the second page of each manuscript, not exceeding 300 words. The abstract should include brief introduction, objectives, main results and important conclusions.

Key Words : A list of 3-9 key words should be given below the abstract.

Text : The text of the manuscript should include, 1. Introduction, 2. Material and Methods, 3. Observations, 4. Discussion, 5. Conclusion, if any, in that order.

References : References should be arranged according to VANCOUVER SYSTEM on the following indications.

The reference No. should be in the order of appearance in the text and denoted in brackets example: [1] etc.

Papers published in periodicals : 1. Each author's surname followed by initials 2. Full title of the paper 3. Abbreviation of the journal according to the style of index medicus 4. Year of Publication 5. Volume number, followed by a colon 6. First and the last page of paper. For Example **Longia, G.S., Kumar, V., and Gupta, C.D.
